SIMON SCHUSTER AUDIO, United States, 2014. CD-Audio. Book Condition: New. abridged edition. 148 x 132 mm. Language: English . Brand New. Glenn Beck revisited Thomas Paine s famous pre-Revolutionary War call to action in his #1 New York Tim es bestseller Glenn Beck s Common Sense. Now he brings his historical acumen and political savvy to this fresh, new interpretation of The Federalist Papers, the 18th-century collection of political essays that defined and shaped our Constitution and laid bare the original argument between states rights and big federal government--a debate as relevant and urgent today as it was at the birth of our nation. Adapting a selection of these essential essays--pseudonymously authored by the now well-documented triumvirate of Alexander Hamilton, James Madison, and John Jay--for a contemporary audience, Glenn Beck has had them reworked into modern English so as to be thoroughly accessible to anyone seeking a better understanding of the Founding Fathers intent and meaning when laying the groundwork of our government. Beck provides his own illuminating commentary and annotations and, for a number of the essays, has brought together the viewpoints of both liberal and conservative historians and scholars, making this a fair and insightful perspective on the historical works that remain the primary source for interpreting Constitutional law and the rights of American citizens.
