

Photoshop Elements 8 for Digital Art, Illustration and Cartoons: Drawing, Painting and Being Creative in Elements

By Chris Madden

Incline Press. Paperback. Book Condition: New. Paperback. 572 pages. Dimensions: 9.1in. x 7.3in. x 1.3in. This book is for anyone who wants to draw or paint on a computer - for which Photoshop Elements is the perfect programme. Typical manuals for Elements are aimed primarily at using the programme to manipulate photographs, so naturally they have section after section on how to alter and adjust photos. Because of this concentration on photographic images most manuals follow a route that isn't necessarily of direct relevance to someone who wants to learn how to draw and paint using the software. The basic techniques of drawing and painting in Elements are essentially very simple skills to acquire, so the book includes a step by step quick start section - a guide to the fundamental, no frills techniques necessary to create artwork. This is a hands-on section introducing all of the necessary features needed for creating finished artwork, with no technical knowledge required whatsoever. This whole section can probably be completed in only one or two sessions at your computer. Later chapters elaborate on different aspects of the programme in more detail, starting with those that are most useful to the drawing and painting processes...
