Nearly everyday we hear a new story about another mega merger of another insolvent company. Therefore it may be worthwhile to study this industry. But before talking about Mergers and acquisitions in the telecommunication industry I will first of all give a definition of what telecommunication is. According to Wikipedia, Telecommunication is the extension of communication over a distance.[.] hence the term 'telecommunication' covers all forms of distance and/or conversion of the original communications, including radio, telegraphy, television, telephony, data communication and computer networking. When talking about telecommunication we can distinguish between carriers, service providers and suppliers. Carriers Carriers are companies that offer the cables and wires to enable communication over a distance. A German carrier for example is the Deutsche Telekom because they own a network for communicating. These...
