

Bond SATs Skills: The Complete Set of Times Tables Flashcards

By Michellejoy Hughes, Bond

Oxford University Press, United Kingdom, 2016. Cards. Book Condition: New. 135 x 97 mm. Language: English . Brand New Book. Bond Maths Flashcards: Times Tables provide rapid recall practice in all the times tables from 1 to 12, helping children to meet the new curriculum demands for Key Stage 2 maths. With questions on one side and the sum on the reverse, the flashcards can be used independently or with a parent, tutor or another child to quickly test knowledge. The cards also meet the new Year 5 requirements to understand square and cube numbers, extending these all the way up to 12 squared and cubed. Furthermore, the cards have been designed to quickly demonstrate number relationships, such as 4×6 is the same as 6×4 , and 12×2 , 2×12 , 3×8 and 8×3 , or that 3×3 is also 3 squared, introducing square and cube notation. Simple to use, these cards offer easily accessible multiplication practice for children seeking to become secure in this knowledge ahead of National Curriculum and selective school tests.
