Reviews

This book will never be straightforward to start on looking at but extremely exciting to read. I actually have read through and that i am sure that i am going to gonna go through once more again in the future. I am happy to explain how this is the very best book i have read through in my individual lifestyle and may be he best publication for at any time.

Zen Publications, Mumbai, 1999. Soft cover. Book Condition: New. 23 cms. 225pp. Consciousness is all there is So who is to know or seek what All there is is the impersonal functioning of Consciousness, or God, reflecting within It self the totality of manifestation. Live life making decision and accepting the consequences as if you have free will-knowing it is Consciousness seeking, doing, living deciding. Ramesh Balsekar is an awakened sage whose long life has been devoted to Ramana Maharshi and whose final Guru was Nisargadatta Maharaj. He perfectly reflects both East and West-born and raised in Bombay, India, thinking and speaking in English, student of Sanskrit and translator of the Bhagavad Gita, intimately familiar with the Taoist and Chan classics as well as the new paradigm (Consciousness is all there is) which has emerged from quantum mechanics. Poignantly clear and precise and delightfully, humorous, his teaching makes life simple.
