Createspace, United States, 2014. Paperback. Book Condition: New. 203 x 127 mm. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.How many emotionally injured children are there? It's uncertain, easily millions. Most of these children go untreated, many unnoticed or falsely labeled as bad kids . While the damage to them is not well understood, the increase in anti-social behaviors stemming from unhealed trauma and abandonment is disastrous. Our homes, schools, communities, and judicial system all pay a price for unhealed children. Healthcare professionals are either uncertain what to do with them or believe that they cannot be fixed after a certain age. Schools don't understand so aren't much help. And our courts, now filled with them, can only punish and make matters worse. But Crossing In-finity describes how to make them whole. This book is concerned with trauma only as a state from which to recover. But it is necessary to see the effects that extreme distress has on the developing personality before talking about what can be done with it. A successful solution requires knowledge of both problem and desired outcome. How else can we recognize when we've found the solution? Likewise, to heal, first we must understand both the nature of trauma and the state of health. Crossing In-finity will help parents, teachers, and all students of human behavior understand the effects of emotional injuries on the developing personality. It will illustrate the thinking and learning of the developing child and lay a clear path to recovery from rage and shame to trust and forgiveness. Crossing In-finity is based on the experience of David J. Kenney, a foster dad, adoptive parent and child psychologist. It is dedicated to healthy emotional development. At certain developmental times, the traumas of early childhood have...
