Createspace Independent Publishing Platform, United States, 2014. Paperback. Book Condition: New. 202 x 126 mm. Language: English . Brand New Book ***** Print on Demand *****.A novel about true friendship overshadowed by the choices, both good and bad, made by several young gay men during an eight year period encompassing the late 1970 s and early 1980 s. You ll be seduced by Damian s sophisticated charm, won over by Jeremy s good looks and debonair Southern fried style, fascinated by Tim s weird and kinky proclivities, struck by Tony s undying devotion, confounded by the stark contrast of Kofi s willingness to serve and comfort to Carlos s passion for domination and control, confused by the strange duplicity of the ostensibly straight guy Marcus, cringe at the ins and outs of being a roommate with Keith and Ernie, not to mention being amused by the narrator s self-styled den of iniquity, admiring his often wise and frequently zany parents, laughing at his campy sidekick Randall, marveling at the effervescent Uncle Frank as well as a host of others from various stations in life. The author reflects the tastes, attitudes and styles of the times, in addition to highlighting several significant events which made headlines for the gay community, both in positive and negative ways (the Anita Bryant controversy, religious and moral intolerance, AIDS, urban challenges, fashions and fads -- just to name a few). The reader will come away with understanding and sympathy reflected in the experiences of true-life characters in a world which existed not that long ago and is worth recalling with pride, affirmation and dignity. We truly have come a long way in THE CHOICES WE MADE!.
